

WALKING VIETNAM & CAMBODIA - CRUISING THE MEKONG DELTA: Oct 9-21 | 13 Days | Pricing TBA

Starting in Saigon (Ho Chi Minh City), we visit Vietnam's most vibrant city and enjoy her many highlights on a historic and cultural walk. In Phnom Penh, we visit the Royal Palace and National Museum, and learn how Cambodia is still recovering from decades of civil war and the senseless genocidal disaster imposed by Khmer Rouge communists. At journey's end, we are awed by the majesty of the temples of Angkor, built at the height of the Khmer Empire 1000 years ago. The common thread, however, and the image we'll remember longest, is the village life that we'll experience firsthand through our walks along the Mekong River.

WALKING MANITOBA & THE POLAR BEARS OF CHURCHILL
Oct 24-Nov 2 | 10 Days | Pricing TBA

A brand new Adventure takes us way up North to Canadian polar bear country. The program offers two to three days in the Winnipeg area, with some surprisingly diverse walks and sightseeing, then takes us into the Manitoba wilderness by train with stops en route to Churchill. Tundra Buggies® are the unique method of interacting with the largest bears on the planet, and we are virtually guaranteed several hours of quality interaction with these massive carnivores. **Because of the popularity of this Adventure, we expect to offer another departure in 2011. Be sure to Early Bird if you'd like to save yourself a spot!**

Daily itineraries are available online on all of these Adventures. Check out <http://www.walkingadventures.com/2010/> to view a listing.

WHAT MAKES A WAI EXPERIENCE UNIQUE?

Most travel experiences are developed for the "mass market". Packages are purchased for the consumer from the tourism equivalent of the assembly line. The assembly line principle brings prices down through specialization, and through the production of massive amounts of "travel" to serve massive amounts of travel consumers.

WAI services **cannot** be found on the shelves of mass-market travel retailers. Each Adventure represents the culmination of hours of in-office planning, and our programs are unique in that:

- **Every tour is customized from scratch.** Usually only one or two departures to a given destination are offered in a given year.
- The primary criteria for the selection of hotels, restaurants, and excursions is **authenticity**, not how efficiently and inexpensively they can serve large numbers of groups.
- WAI walk routes, when not offered in partnership with local walk clubs, are **planned to capture the essence of a site** while avoiding dangerous and overly strenuous routing.
- **Itineraries are aggressive** and are crafted to pack as much value into your valuable time as possible.
- Travelers often have the privilege of **walking with local volunteer walkers** who host our walks.
- **Two WAI guides accompany each group**, and on international Adventures, work in partnership with foreign guides throughout the program. Most travel companies rely only on the foreign guide.
- These programs **attract an active, upbeat kind of traveler**, who keeps coming back. Most groups are 60 to 80% repeat travelers and we've had several that are 100% alumni.

That is a sampling of what you are purchasing when you decide to join us for a Walking Adventure – this is what makes WAI unique!

Feel free to contact Debbie or Dani with any questions at 800.779.0353 or fun@walkingadventures.com.

The Early Bird always gets the Adventure!

In response to enthusiastic requests about future Adventures, we offer travelers the opportunity to "pre-register" for travel programs before the brochure (including confirmed pricing, complete routing, and dates, etc.) becomes available. Early Bird reservation deposits are fully refundable and hold space on the Adventure until you've had time to review the upcoming brochure. Because many Adventures fill up before we can prepare the brochure, we strongly recommend reserving space with an Early Bird deposit!

ILLINOIS * MISSOURI * KANSAS * OKLAHOMA
TEXAS * NEW MEXICO * ARIZONA * CALIFORNIA

Due to a flood of new destinations added to the WAI schedule in recent years, this nostalgic trip through America's heartland is featured on the 2010 Adventure Schedule for the last time in the foreseeable future.

The theme of this Adventure is, of course, Historic Route 66, yet the story that emerges as we walk and visit the sites of the Mother Road, is that of the development of America during the early and middle 20th century. It's a fascinating tale we'd love to share once more before we send this one-of-a-kind nostalgic program to rest on the shelves of our Adventure archive. It will be many years, if ever, before we have time to offer Route 66 again – 2010 is the year to walk the Mother Road!
