

## ***What past travelers to Classic Italy had to say:***

It's our 4<sup>th</sup> trip (with WAI) and if we live long enough we'll do them all!

**Jane W, Pittsburgh, CA**

I have never been disappointed with any of the WAI trips we have taken and this trip was no exception. It was really great. I learned and had a marvelous time. There wasn't a time that the WAI guide wasn't right there with information and help needed.

**Jill S, Vacaville, CA**

Well-planned trip with excellent leadership from Russ & Scott. A good balance between the small and the big of Italy. I first thought we would spend more time in the big three cities, but found the countryside just, if not more, favorable, and as interesting.

**Herb Z, Louisville, KY**

Overall, this was a great trip, and I would recommend it highly.

**Chalannes H, Beaumont, TX**

This was our first trip with Walking Adventures & based on our experience, we have already signed up for a second trip. WAI has done a first-rate job. Our experience has provided us with memories of breathtaking views, a unique opportunity to share food, dancing, & music with the locals, and we have made many new friends. Kudos to WAI for making this possible in such a professional way.

**Judy & John S, Gaithersburg, MD**

An amazing trip combining Italy's history, culture, and walking into a first-rate experience for life. Very well organized - great guides - experiences we would never have had on our own.

**Kirsten & Arthur A, Ontario, CANADA**

Our guide was outstanding. It was well planned. Great attention to detail. The sense of adventure was great.

**Sue & Joe O, Norco, CA**

This trip exceeded my expectations! Very active but gained a lot of knowledge at the same time.

- 1) Local guides a wonderful addition
- 2) Loved the smaller towns - relaxing but beautiful
- 3) Great group of people to travel with

The hospitality of clubs in Italy was over the top. I could not have anticipated this part of the experience.

The itinerary was wonderful and well-orchestrated. Too many highlights to count. Kudos to our leaders Russ & Scott - a superb job. Perceptive, intelligent, tireless, & thoughtful. They were - I repeat - superb! Future groups will be really fortunate to have them.
