

Alaska ~ the Great Land

Part 1: Kenai Peninsula

July 1 - 9, 2025 • 9 Days • \$4990

Part 2: Denali Delights

July 7- 14, 2025 • 8 Days ~ \$4790

Arctic Midnight Sun Optional Extension

July 14- 16, 2025 • 3 Days ~ Price TBD (\$1690 in 2024)

Join us as we explore our 49th state. The area was derisively labeled “Seward’s Folly” when U.S. Secretary of State, William Seward, engineered the U.S. government purchase of the region from Russia in 1867. It is now more appropriately known by the native Aleut word, “Alyeska,” meaning “the great land.”

The program is offered in two parts—*Kenai Peninsula* and *Denali Delights*. To maximize your time and airfare and see even more of our largest state, join us for both parts of the tour! Also consider journeying on into the Far North on the *Arctic Midnight Sun Extension*, a 3-day bonus adventure from Fairbanks that takes us beyond the Arctic Circle!

NOTE: Travelers who participate in both Part 1: Kenai Peninsula and Part 2: Denali Delights will receive a credit of \$1000 off the combined tour price to offset itinerary overlap in Anchorage. Single travelers receive an additional \$600 credit for participating in both Part 1 and Part 2.

HIGHLIGHTS

- **Kenai Peninsula** - at 200 miles long and 100 miles wide, the Kenai Peninsula has a slice of nearly every aspect of Alaska save for the tundra of the Far North: active volcanoes, calving glaciers in Kenai Fjords National Park, a plethora of bear and moose, seemingly unlimited halibut and schools of migrating salmon in the rushing rivers, puffins and terns, and a multitude of other bird life in Kachemak Bay and in the vast Kenai wetland!
- **Denali Delights** -starting in Anchorage with the opportunity to explore lovely green spaces and historic core of Alaska’s largest city, the centerpiece of this part of the tour is Denali National Park. We see Denali on a nature walk and a top-rated wilderness experience in search of wildlife (yes, grizzlies!). We also hope for views of that enormous, yet elusive massif—Denali, tallest peak in North America! The Fairbanks area offers worthwhile attractions like the Alaska Pipeline, Gold Dredge #8, Riverboat Discovery cruise, Running Reindeer Ranch, and Creamer’s Field Migratory Waterfowl Refuge.
- **Arctic Midnight Sun Extension** - The Arctic Circle, an imaginary line stretching around the globe about three-quarters of the way from the equator to the North Pole, has long been a bucket list destination for those who want to experience the Midnight Sun. On this brief 3-day adventure, we cross the Arctic Circle at 66° 32’ N, with great fanfare, and interact with hearty settlers in the Far North, traveling along the remote

Dalton Highway.

Walk #1: Russian Falls Walk ~ 8 km, rated 2B

Our first full day on the Kenai Peninsula takes us by coach to the active fishing village of Homer on Kachemak Bay, a 30-mile arm of the lower Cook Inlet. The scenic route offers

chances to spot a variety of wildlife, including beluga whales, eagles, mountain goats, elk, and more.

On our way to Homer, we stop for a scenic walk at Russian River, where it's sometimes possible to spy on black bears fishing for salmon as they jump the falls.

[DAY 3~JULY 3: Activities in Homer \(BD\)](#)

Walk #2: Grewingk Glacier Lake Walk ~ 8 km, rated 2C (with 11 km option)

Today we share with only the 2nd WAI group an exciting walk in Kachemak Bay State Park, accessible only by water taxi.

Following our bay crossing from Homer Spit, we meander through mixed cottonwood and Sitka spruce en route to a stunningly beautiful glacial lake, complete with floating chunks of ice adrift in frigid waters.

After a picnic in this picturesque setting, we hike over Saddle Trail and catch our return water taxi to Homer where the remainder of the day is free to explore the town's local charm.

Tonight's hotel is located in Seward, an ice-free port on Resurrection Bay in a setting of great beauty, surrounded by lush green mountains and stark ice fields. Upon arrival, a 6 km introductory walk acquaints us with Seward.

The trail winds along Seward's boat docks, by the shore of Resurrection Bay, through older, historic parts of town, and finishes in a fun area of shops and restaurants.

[DAY 6~JULY 6: Activities in Seward \(BL\)](#)

Walk #6: Exit Glacier Walk ~ 4 km, rated 2C

Our day begins with a lovely nature walk to the edge of Exit Glacier, where dense blue ice descends from the higher Harding Ice Field.

The middle part of the day is devoted to a relaxing Kenai Fjords lunch cruise on Resurrection Bay offering potential sightings of sea birds, puffins, dolphins, whales, seals, along with a plethora of Alaska coastal panoramas.

Back on shore, we return to landlubber ways with free time in the lively town of Seward.

[DAY 7~JULY 7: Seward - Girdwood \(B\)](#)

Peninsula!

[DAY 4~JULY 10: Activities in Denali National Park \(BLD\)](#)

Today’s main event is an early-morning Tundra Wilderness Tour through Denali National Park. Though wildlife sightings are never guaranteed, past WAI groups have spotted numerous animals and enjoyed surprisingly frequent views of remarkable Denali (reportedly seen by only about 20% of visitors), tallest peak in North America.

Later this evening, we regroup at the Alaska Cabin Nite Dinner Theater; a memorable and zany look at the history of Denali, presented with an all-you-can-eat, family-style meal.

[DAY 5~JULY 11: Denali - Fairbanks \(B\)](#)

Walk #3: Denali National Park Walk ~ 9 km, rated 2B

Following lunch, a fun, educational, and relaxing sternwheeler cruise takes us down the Chena River aboard the Riverboat Discovery. The ship's crew enlists the help of a colorful group of locals to teach us about bush pilots, dog-sled racing, and the native peoples of Alaska.

[DAY 7~JULY 13: Activities from Fairbanks \(BD\)](#)

Walk #4: Creamer's Field Fairbanks Walk ~ 7 km, rated 1A

We kick off our last full day in Fairbanks with a delightful stroll among birds and birch trees at Creamer's Field Migratory Waterfowl Refuge.

The fun continues in the afternoon in the boreal forest of the Gold-stream Valley as we enjoy a one-of-a-kind walk with reindeer at a local family farm.

Wrapping up this memorable day, we savor a Farewell Dinner at the historic Pumphouse Restaurant along the Chena River.

[DAY 8~JULY 14: Depart Fairbanks for Home \(B\)](#)

Our Adventure "Way up North" ends in Fairbanks, just 125 miles from the Arctic Circle. We return home with fond memories of our 49th state—its fabulous scenery, the fascinating story of its settlement, and its irresistible pull to return and explore more of "The Great Land."

Arctic Midnight Sun Extension

[DAY 1~JULY 14: Fairbanks - Coldfoot \(LD\)](#)

Midnight Sun Walk - 5 km, rated 2B

If the Arctic Circle is on your Bucket List, today is the day to scratch it off during an informative and interactive northerly drive to remote Coldfoot Camp.

An early morning departure from Fairbanks by motorcoach takes us up the rugged Dalton Highway along the route of the Trans Alaska Pipeline, crossing the mighty Yukon River for a fun stop to commemorate our crossing of the Arctic Circle.

Completing our tundra trek in Coldfoot, we settle in for a rustic but relaxing evening at the northernmost truck stop in the world. Before turning in for the night travelers have a couple of options to consider:

- 1) Since the sun never sets this time of year above the Arctic Circle, we'll explore the area around Coldfoot on a Midnight Sun Walk (though we expect to finish well before midnight).
- 2) An opportunity may be available to experience an optional midnight sun flightseeing excursion through the Brooks Range and Gates of the Arctic National Park. NOTE: The flight will only be available if the necessary small planes are available on the date we are there.

[DAY 2~JULY 15: Coldfoot - Fairbanks \(B\)](#)

Before heading south back to Fairbanks, we visit the quirky and fascinating wilderness community of Wiseman, the only village along the Dalton Highway that is occupied year-round. Learn how these hearty and resourceful residents carved out a unique lifestyle along the banks of the Middle Fork Koyukuk River.

After returning to Coldfoot for lunch on your own, consider visiting the nearby award-winning Arctic Interagency Visitor Center, featuring excellent exhibits, as well as some short nature trails.

There may also be the possibility to participate in other optional activities such as a Koyukuk River Float or a Fat Tire Bike Adventure. More info will be provided closer to the time of the tour if these activities become available.

By late afternoon, we re-cross the Arctic Circle on a scenic flight back to Fairbanks. The evening is free to enjoy dinner near our hotel or to catch some final activities in town!

[DAY 3~JULY 16: Depart Fairbanks for Home \(B\)](#)

Our brief Arctic Extension has provided a newfound appreciation for the hearty souls who brave the elements to forge a life in this starkly beautiful land.

We return from Fairbanks to the “Lower 48” with warm memories of our fortnight in the frontier of Alaska!

[What is a Classic Curated Tour?](#)

With help from local experts and walking guides, these itineraries are crafted with extensive on-site planning by WAI tour planners.

When designing Classic Curated Tours, our objective is to capture the essence of a destination—the history, culture, and natural wonders unique to that part of the world. We then build activities and walks that take us *inside* these characteristics.

Yes, these tours are educational, but they are also interactive and immersive; walking gets us off the bus and penetrates local cultures to not only see, but also touch, smell, and feel these special spaces.

Along the way, interactions with locals amplify the experience by sharing insights into the magic of that particular location.

In the case of Alaska, we first visited the Great Land with WAI groups in the late 1990s, cruising the Inside Passage, then continuing on to Fairbanks on the second part of the tour. In 2017, we developed a walking itinerary on the Kenai Peninsula to replace the Inside Passage cruise. During this restructuring, a couple new walks and activities were added to Denali Delights, and the new optional extension above the Arctic Circle was developed.

[Walk Ratings](#)

We generally walk at a pace of 2 to 3 miles per hour. Several walks on this trip are oriented

more towards education, and therefore take longer due to stops for guide commentary. Nature walks, on the other hand, generally continue at a steadier pace because we're stopping less to talk.

In most cases, we are not "strolling." We are walking at a relaxed but steady pace. Your experience will be significantly affected by your level of physical fitness. If not walking regularly at home, we strongly recommend that you make a priority of "training" beforehand in order to both enjoy the trip and avoid medical issues due to overexertion. If you have questions about your ability to participate, please call our office at 1.360.260.9393.

We have adopted a walk difficulty rating system which contains a numeric indicator for trail incline and an alpha indicator for trail terrain. The explanation for this system is presented on the table below:

INCLINE

1. Minimal hills or stair climbing. Cumulative elevation gain: <200 feet.
2. Some moderate hills and stair climbing. Cumulative elevation gain: 200-1000 feet.
3. Some significant hill or stair climbing. Cumulative elevation gain: 1000-2000 feet.

TERRAIN

- A. Almost entirely on pavement.
- B. A significant part of the route is on well-groomed trails with very few obstacles.
- C. A significant part of the route is on somewhat difficult terrain (rocky / rooted paths or soft sand).

[How Is Airfare Arranged?](#)

Alaska: Kenai Peninsula: The official start and finish point for Part 1 of this Adventure is our hotel in Anchorage, served by Ted Stevens Anchorage International Airport.

Alaska: Denali Delights: The official start point for Part 2 is our hotel in Anchorage, served by Ted Stevens Anchorage International Airport. The official finish point is our hotel in Fairbanks, served by Fairbanks International Airport. Fairbanks is also the end point of the optional Arctic Midnight Sun Extension.

Airport transfers are not included in the tour price but taxi service is easily arranged to and from the airports listed above. WAI guides will help batch travelers who share a similar departure schedule into taxis or airport shuttles.

We recommend that you contact Laura Pfahler, the travel agent we work with, to help book your flight arrangements. In this age of airfare complications and airport uncertainty, using a travel agent is a good investment! More details about flight arrangements and travel agent contact information will be provided in an Adventure Advice PDF by email after you register for the Adventure. Please do not book your airfare prior to receiving these flight

details from us!

Travel Insurance

WAI recommends travel insurance for financial and medical protection from any number of unforeseen circumstances that can arise before departure or during your Adventure. Many travel insurance providers are available for you to consider. Laura Pfahler and Sharon Mitchell of World Travel Inc. can provide travel insurance options for your WAI tour, as well as for your airfare. For those who purchase airfare through Laura, purchasing your travel insurance from her colleague, Sharon Mitchell, may be the simplest option.

Be aware that some travel insurance policies contain time-sensitive provisions (i.e. some benefits, such as coverage of pre-existing conditions, are available only if the policy is purchased within a certain number of days of the purchase of the travel package). In addition, remember that airfare is not covered by any travel insurance policy you may have purchased for the tour.

Check out [Insurance Tips](#) from World Travel for a short introduction to travel insurance.

Sharon Mitchell: 971-261-2091 or smitchell@wtpdx.com

Other options include:

- Allianz
- Betins
- Travel Guard
- Travel Insured International

Using the [SquareMouth.com](https://www.squaremouth.com) website can be a good way to compare pricing.

NOTE: WAI receives no commission or financial remuneration from World Travel Inc. In addition, WAI bears no responsibility for travel insurance benefits advertised by various credit card companies. If you are relying on this type of benefit for insurance, we advise you to verify coverage types and limits and that your purchase does in fact qualify you for this insurance.

We suggest purchasing from a reputable, well-established insurance company (avoid buying insurance from an unknown company found only online). Travelers interested in purchasing “cancel for any reason” insurance coverage should be careful to check pricing and terms BEFORE they register for a tour. Recent changes in the international travel landscape has caused changes in the policies of some insurance companies, and made the purchase of this particular type of policy even more time-sensitive.

[What if WAI Cancels the Tour](#)

Walking Adventures International reserves the right to cancel this tour departure with fewer than 15 participants, in which case registered participants will receive a 100% refund of payments received.

This refund policy contains one exclusion. Many suppliers require non-refundable deposits as a condition of booking services. Though it is rare, unforeseen circumstances can force us to cancel a tour. In cases where supplier's non-refundable policies are imposed, WAI attempts to retrieve as much of these deposits as possible but cannot guarantee a 100% refund. In cases where full refunds cannot be obtained for a cancelled tour, we will do our best to transfer unrefunded money as traveler credits to be applied to a future tour to that destination.

[Wellness Procedures for This Tour](#)

Our approach to wellness on tour has traditionally been to encourage travelers to:

- Focus on health before the tour so you start healthy.
- Pace yourself while on tour; travel is inherently stimulating and can produce adrenalin boosts that mask energy drain. Guard your energy reserves and consider the length of the trip and whether to opt out of some activities and/or walks.
- Be self-aware. If you feel yourself tiring or feel a bug coming on, take precautions to block it (e.g. extra rest, extra doses of vitamin C, etc).
- If you feel a bug coming on or if you take ill, distance yourself from others when possible.
- If you feel ill, isolate yourself towards the back of the bus and away from others

Click [WAI Wellness on Tour Policy](#) to view the WAI policy on Wellness on Tour.

[What Happens Next?](#)

Once we have a viable number of participants, an "Adventure Advice" email is sent with critical information on flight arrangements as well as important steps to take in the months before your trip. Please do not buy your airline tickets until you review this Adventure Advice email.

A final payment is due 90 days before departure (April 2, 2025) and is non-refundable after the due date. You will receive a prompt email from us a week or two in advance. Please see our [General Tour Conditions](#) for the full terms and conditions for participation in this Adventure.

About 2 weeks before departure, you will receive a final email packet with details of the program, including hotel names and contact information, a list of fellow travelers, and a more detailed daily schedule.

We look forward to exploring the Great Land of Alaska with you!

Your Guides

The Alaskan itinerary was fully revised in the summer of 2017 during a scouting trip by WAI guides **Scott Isom** and **Todd Jones**. This will be the second WAI group to enjoy this revised Alaska itinerary.

Scott has had a passion for the outdoors ever since his childhood days spent exploring the waterfalls and outstanding hiking trails of the Columbia River Gorge with his family. Scott has led tours on all 7 continents and is one of WAI's busiest guides and on-site Adventure planners. Scott shares "I found Alaska to be brimming with beauty! Around nearly every corner there was something to delight the senses, whether gazing upon salmon-rich streams, eerily blue glaciers, and snow-capped volcanoes, or savoring wonderful wildlife encounters with playful sea otters, gargantuan grizzlies, humpback whales, and majestic caribou. Add to this stunning array of flora and fauna the captivating story of the original native inhabitants and early pioneers of this wild land, and you have a frontier experience not to be missed!"

Todd teaches high school history, government and economics as his day job. Todd has traveled in Asia, Europe, and North and South America. "From Homer in the south to Coldfoot in the north, we were surrounded by majestic, jaw-dropping natural beauty. I have never seen a land in grander scale, filled with animals I never have—and probably never will—see anywhere else."

Scott and Todd look forward to sharing the wonders of our 49th state with you!
