- [Overview](#)

Far out in the Atlantic Ocean, roughly one-third of the distance between southern Europe and the East Coast of the USA, lies a 9-island archipelago called the Azores Islands. Here, the tips of some of earth's tallest mountains poke above the ocean surface from the bottom of a deep ocean at a juncture of three major tectonic plates.

The depth of the ocean (nearly 4 miles) and the moderating influence of the Gulf Stream attract a wealth of sea life, including many species of cetacea (whales, dolphins, and porpoises). The latitude of the islands combines with the moderating Gulf Stream influence and rich volcanic soil to produce a Garden-of-Eden effect. Luxuriant vegetation is an extraordinary feature of the Azores.

The volcanic nature of the islands also produces a tremendous topographical variety: emerald green valleys dotted with a plethora of prolific dairy cows, black lava beaches bearing the pounding of a starkly contrasting and unusually clear blue surf, mysterious meandering lava caves, and a fascinating variety of lagoons and lakes...all explored on a well developed system of trails and dirt roads.

Six hundred years ago, under the patronage of Prince Henry the Navigator, Portuguese

mariners became the first to develop the ability to sail the open ocean, out of sight of land. In their relentless quest to round the cape of Africa in search of trade treasures of the East, they happened upon this blessed archipelago. Hence, though over 800 miles from Portugal, it fell under the jurisdiction of Lisbon and is today a part of the nation of Portugal.

Step into a different dimension and join us on this island-hopping odyssey in search of the heart of the Azores on a brand-new Walking Adventure for 2023!

Your Guides

Scott Isom has had a passion for the outdoors ever since his childhood days spent exploring the waterfalls and outstanding hiking trails of the Columbia River Gorge with his family. Currently living in Puyallup, Washington, Scott loves to explore the unknown, knows

how to have a good time, and enjoys including others in the fun! As one of WAI's busiest guides and on-site Adventure planners, Scott has led tours on all 7 continents.

[DAY 1-June 1: Arrive Rapid City, South Dakota](#)

Travelers arrive today into Rapid City Regional Airport. A complement shuttle is available to our hotel in nearby Rapid City. Traveler who arrive early, or come in the day before, may want to consider local club walks available in Rapid City. Three walking trails and one bicycle route start from hotel start points within a 3-4 mile taxi ride of our hotel. Our first group activity is a welcome meeting this evening after you've had dinner on your own.

[DAY 2-June 2: Rapid City to Deadwood \(BD\)](#)

Deadwood Walk - 6 & 10 km, rated 1B

Following a one hour bus ride west from Rapid City to the historic town of Deadwood, our first activity is a memorable coach tour with a fun local guide. We'll be entertained with tales of the past, and introduced to Homestake Mine in neighboring Lead, America's deepest and largest gold mine until it was closed in 2002. The entire town of Deadwood is on the National Historic Register—it's a city known for the gold rush days of the 1870s, Wild Bill Hickok's final demise, and the largest historic restoration project in the USA.

The afternoon's walk connects us with several faces of Deadwood, still a gambling mecca, including the cemetery of Mount Moriah, final resting place of Wild Bill Hickok and Calamity Jane; atmospheric sections of old town Deadwood; and one of the most unique chocolate shops you'll ever encounter!

Join us this evening for an atmospheric dinner in one of Deadwood's fun eateries.

[DAY 3-June 3: Activities from Deadwood \(B\)](#)

Devils Tower National Monument Walk - 11 km, rated 3C

Devils Tower looms above the surrounding hills like a 1,000-foot tall tree stump, making it difficult to get lost on this outstanding nature Trail. Still sacred to the Lakota Sioux, this geological phenomenon was set aside as our country's first national monument by President Teddy Roosevelt's 1906 Antiquities Act. More recently, it was featured in the blockbuster 1977 film, "Close Encounters of the Third Kind".

The wildlife and the prairie dog villages, the winding Belle Fourche River, rock climbers drawn by the tower's hundreds of vertical cracks, the Red Beds Trail, and the stunning spectacle of the Tower itself make this an outstanding, multi-faceted hiking experience!

Upon our return to Deadwood, enjoy exploring town with dinner on your own this evening.

[DAY 4-June 4: Deadwood - Keystone \(B\)](#)

Flume Trail #50 - 5 & 11 km, rated 2C

We make our way today to Keystone, a community that, like many in the area, has its roots in 19th century mining booms. En route, we stop for our walk of the day on the historic Flume Trail. The flume operated until 1885, enabling miners to take over \$20 million in gold from the area, and the trail follows the actual flume bed for much of its length.

We also sample a special slice of the Black Hills this afternoon on the Iron Mountain Road, a 17-mile stretch of highway specifically engineered to show off the unique beauty of its enduring granite peaks. After 314 curves, 14 switchbacks, 3 tunnels, and a vintage viewpoint of Mount Rushmore, we arrive at the Wildlife Loop Road of Custer State Park.

The park is home to a herd of about 1300 buffalo. An excellent loop road through the park offers some of the best wildlife view we've experienced! In addition to a plethora of buffalo, we typically see wild burros, prairie dogs, pronghorn antelope, wild turkeys, white-tail deer and mule deer.

Keystone offers several eateries to consider for dinner on your own. Walkers with energy to burn may also consider a bonus club walk based here in Keystone, and daylight shouldn't be a problem in June.

[DAY 5-June 5: Activities from Keystone \(BD\)](#)

Crazy Horse Memorial Walk - 10 km, rated 3C

The Ziolkowski family has been sculpting this mountain of granite since Korczak Ziolkowski accepted Chief Standing Bear's invitation to immortalize Chief Crazy Horse in 1948, and the work is likely to continue into this family's fourth and fifth generations. The memorial worksite is open to the public for this walk only twice each year. There's nothing like the thrill of standing on the granite arm of Chief Crazy Horse looking up at the far away gaze of his 87 foot tall face!

Nearby Mount Rushmore was the inspiration for Crazy Horse Memorial. We stop here as well to pay homage to four of America's great presidents—Washington, Jefferson, Lincoln, and Theodore Roosevelt. Our Farewell Dinner takes place tonight back in Keystone at a local restaurant with plenty of old West ambiance.

[DAY 6-June 6: Depart from Keystone \(B\)](#)

Too soon our adventure together comes to a close. Following our final breakfast, shuttles return you to your hometown reality via the Rapid City Regional Airport.

Thank you for sharing the history, culture, and scenery of *Crazy Horse & the Black Hills of South Dakota* with us!

[How Do I Lock in My Place on This Adventure?](#)

[Walk Ratings](#)

We generally walk at a pace of 2 to 3 miles per hour. Several walks on this trip are oriented more towards education, and therefore take longer due to stops for guide commentary. Nature walks, on the other hand, generally continue at a steadier pace because we're stopping less to talk.

In most cases, we are not “strolling.” We are walking at a relaxed but steady pace. Your experience will be significantly affected by your level of physical fitness. If not walking regularly at home, we strongly recommend that you make a priority of “training” beforehand to both enjoy the trip and avoid medical issues due to overexertion. If you have questions about your ability to participate, please contact our office at fun@walkingadventures.com.

We have adopted a walk difficulty rating system which contains a numeric indicator for trail incline and an alpha indicator for trail terrain. The explanation for this system is presented on the table below:

INCLINE

1. Minimal hills or stair climbing. Cumulative elevation gain: <200 feet.
2. Some moderate hills and stair climbing. Cumulative elevation gain: 200-1000 feet.
3. Some significant hill or stair climbing. Cumulative elevation gain: 1000-2000 feet.

TERRAIN

- A. Almost entirely on pavement.
- B. A significant part of the route is on well-groomed trails with very few obstacles.
- C. A significant part of the route is on somewhat difficult terrain (rocky / rooted paths or soft sand).

[Elevation in the Black Hills](#)

Please bear in mind that the walks on this Adventure take place at elevations ranging from 2,500 feet above sea level to 6,500 feet above sea level at Crazy Horse Memorial. While these are not extreme elevations, it is important to pursue any concerns you have about elevation with your doctor. As always, travelers are free to opt out of any activities. As is the case with all of our Adventures, it is also important that you prepare for the fun by maintaining a good physical fitness routine.

[Volkssport Tour or Classic Curated?](#)

WAI offers walking adventures all over the planet!

Most of the walks featured on these tours are developed by WAI tour planners in cooperation with local walking guides. These itineraries are the result of extensive on-site planning by WAI staff.

A Volkssport Tour, on the other hand, streamlines this process and focuses more on walks and less on sightseeing. The objective is to feature more walking and offer more volkssport stamps (a record of walks volkswalkers keep in a passport-like walking book), and to keep the price lower.

In the case of *Crazy Horse & the Black Hills of South Dakota*, however, local club walks are used, yet on the ground planning has also fine-tuned this itinerary to provide an excellent balance of walking, sightseeing, and cultural connections.

This Adventure is therefore a happy blend of the Volkssport and Classic Curated concepts.

[Tour Accommodations](#)

Good quality, tourist-class accommodations are the standard for our Adventure. Most accommodations on this tour are selected primarily as a practical base from which to pursue our itinerary. Many, but not all, of our accommodations on this adventure are either single-floor or two-floors, sometimes without elevators. Travelers should be able to carry their luggage up a number of steps to get to a second-floor room if necessary.

[How is Airfare Arranged?](#)

The official start and finish point for this Adventure is Rapid City, South Dakota and the nearest airport is Rapid City Regional Airport (airport code RAP). More details about flight arrangements and travel agent contact information will be available after this tour has been finalized.

We recommend that you contact Laura Pfahler, the travel agent we work with, to help book your flight arrangements. In this age of airfare complications and airport uncertainty, using a travel agent is a good investment! More details about flight arrangements and travel agent contact information will be provided by email after you register for the Adventure. Please do not book your airfare prior to receiving these flight details from us!

[Travel Insurance](#)

WAI believes strongly in the importance of travel insurance for financial and medical protection from any number of unforeseen circumstances that can arise before departure or during your Adventure. This is now especially true in the era of COVID-19, which is typically treated like any other illness for travel insurance purposes. Many travel insurance providers are available for you to consider. Laura Pfahler and Sharon Mitchell of World Travel Inc. are travel agents who provide air travel and insurance services to many WAI travelers.

- Laura Pfahler: 503.434.6401 or lp@wtpdx.com
- Sharon Mitchell: 971.261.2091 or smitchell@wtpdx.com

Check out [Insurance Tips](#) from World Travel for a short introduction to travel insurance. (NOTE: WAI receives no commission or financial remuneration from World Travel Inc.).

As always, do some shopping to ensure you are getting the best value. Using the [SquareMouth.com](https://www.squaremouth.com) website can be a good way to compare pricing.

Other options include:

- Allianz
- Betins
- Travel Guard
- Travel Insured International

NOTE: We suggest purchasing from a reputable, well-established insurance company (avoid buying insurance from an unknown company found only online). Travelers interested in purchasing “cancel for any reason” insurance coverage should be careful to check pricing and terms BEFORE they register for a tour. Recent changes in the international travel landscape has caused changes in the policies of some insurance companies, and made the purchase of this particular type of policy even more time-sensitive.

[What if WAI Cancels the Tour?](#)

Walking Adventures International reserves the right to cancel this tour departure with fewer than 12 participants, in which case registered participants will receive a 100% refund of payments received. This refund policy contains one exclusion related to the COVID-19 outbreak. Many suppliers require non-refundable deposits as a condition of booking services. Unforeseen circumstances linked to the virus can force us to cancel a tour. Due to these supplier’s non-refundable policies, WAI attempts to retrieve as much of these deposits as possible, but cannot guarantee a 100% refund. In cases where full refunds cannot be obtained for a cancelled tour, we will do our best to transfer unrefunded money as traveler credits to be applied to a future tour to that destination.

View our full [Coronavirus FAQ](#) for more details.

[COVID-19 Policies and Procedures](#)

[Our Approach to Fun but Prudent Travel](#) document identifies and explains Covid-19 mitigation policies and procedures WAI is using as a starting point for our 2022 tours. Because the knowledge base about COVID-19 changes daily, we review these policies and procedures on an ongoing basis, and will, of course, notify travelers of updates as we approach the departure date of your tour.

[COVID-19 Travel Waiver](#)

During this age of COVID-19, WAI evaluates worldwide reports and conditions on an ongoing basis. Please read [Our Approach to Fun but Prudent Travel](#) document before registering for the tour. Part of the registration process is affirming the terms of the [COVID-19 Travel Waiver](#).

Participation in this tour requires your assent to these terms.

[What Happens Next?](#)

Upon registering for this Adventure, you will receive a welcome email and initial invoice notifying you of your tour balance and due date. You will be able to make that payment

online or over the phone. Any other payments necessary for optional services or one-off decisions can also be made either way.

A Flight Arrangements email with critical information on booking your flights will be sent soon after registration, as well as important steps to take in the months before your trip. Please do not buy your airline tickets until you review the Flight Arrangements email.

About 70 days before departure, you will receive a final statement reminder about the final tour payment, which is due 60 days before departure. Please see our [General Tour Conditions](#) for the full terms and conditions for participation in this Adventure.

Around 2-3 weeks before departure, you will receive a final email packet with details of the program, including hotel names and contact information, a list of fellow travelers, and a more detailed daily schedule.

Take a few minutes to peruse the enclosed itinerary. Walking is still and always the best way to experience our world. Join us this summer for this unforgettable Walking Adventure program as we experience *Crazy Horse & the Black Hills of South Dakota* together!
